Reported by: MANIACI, August (W/M, 66) Address 2121 N. Newhall

Reported for: Himself Address

Address where offense occurred: alley rear 2121 N. Newhall Date of Offense 9/11/75

Explain in detail what work was done on the case:

On Thursday, Sept. 11, 1975, we interviewed KOPS, Sonya, W/F, of 2125 N. Newhall, [illegible]. The reason for this interview was due to the fact a bullet hole was found in her garage, and a slug was discovered on the floor of her garage. Mrs. KOPS was questioned as to any guns owned by the family, to which she replied that they have only 1 son, 5 years, named Timothy, and the residence does not have any guns in same. Consequently she has no idea as to how the bullet hole was made in the side of her garage, or as to how the slug got on the floor of the garage.

Mrs. KOPS was unable to supply any information regarding the death of August J. MANIACI.

Explain in detail what work was done on the case:

On Thursday, Sept. 11, 1975, we interviewed MILLER, Justin Mark, W/M, , of 7965 S. 1st St., ( ), who is employed at the [illegible] Garage Inc., located at 207 [illegible] Van Buren Ave. Mr. MILLER stated that he is the son-in-law of the deceased, and is married to Margaret.

Mr. MILLER was questioned as to this knowledge of any flat tire on the automobile of the deceased, and we have the following statement.

On Monday, Sept. 8, 1975, while at the home of the deceased, he was informed by his father-in-law that the right rear tire on his automobile, was going flat. At this time, Mr. MILLER attempt ed to remove the tire from the auto, but was unable to do so, as the lug nuts on the wheel rim were rusted, and he could not pry them loose; consequently, he took the automobile to Fazio's Garage, which is located at 2047 N. Farwell Ave., where an attendant at the garage loosened the lug nuts for him on the tire. Mr. MILLER then removed the flat tire from the auto, and replaced it with the spare tire from the trunk. Mr. MILLER said that as far as he can remember, the tire that was recently flat on the automobile, is the tire that he put on the car on Monday, Sept. 8, 1975. He further stated that the rubber from the right rear tire was missing at the time he changed the tire.

Mr. MILLER could supply no further information at this time.

Address where offense occurred: alley rear 2121 N. Newhall Date of Offense 9/11/75

Explain in detail what work was done on the case:

On Thursday, Sept. 11, 1975, we interviewed the wife of the deceased, MANIACI, Mary, W/F, of 2121 N. Newhall St. Mrs. MANIACI stated that at 7:15AM, September 11, 1975, her husband, August, left the home, as he always does at this time, to go to work at the Prize Steak Co., located at 4264 S. 27th St. She stated that she observed him leave the home, and immediately went upstairs (of their residence) to change clothes, as she also works at the Milwaukee Inn, 916 N. State St. She stated that while upstairs, at her residence, she looked out of the rear window, and observed that her husband's auto was parked in the center of the alley, and that the driver's door of the auto, was wide open. She stated that at this time, she went downstairs, and walked out of the rear door of her home, but did not walk all of the way up to the car; as she got about half-way between her home and the auto, she observed that the right rear tire of the automobile, was flat; consequently, she thought that her husband had left the car there and walked to the filling station to obtain assistance with the flat tire. Mrs. MANIACI then returned to her home, and again went upstairs to finish dressing for work. She stated that after a couple of minutes, she again looked out of the rear window, and saw a young white male (witness, Mr. HOWARD) standing next to the car. Mrs. MANIACI again went outside, and this time, proceeded all the way to the car and around same, to the center of the alley, where she observed her husband lying in a pool of blood, in the center of the alley. She stated that she ran up to the body, picked up his head, shook him, called to him, and screamed at him to answer her, but she received no response from her husband. She added that she screamed as loud as she could for the neighbors to call the police and an ambulance. She then stated that a person unknown to her came by, removed her from the scene and escorted her back to her home.

(over)

Mrs. MANICI did not, at any time, observe any suspect in or near her husband's auto, or in the yard of their residence.

On Thursday, Sept. 11, 1975, at 0:20AM, at the scene of the shooting, we interviewed KLOCKY, James Frank, of 2203 N. Newhall, W/M, (no phone), currently an unemployed laborer.

Mr. KLOCKY stated that he left his home, at 2203 N. Newhall, at 7:10AM, this date, with his daughter, Lisa, W/F, to take her to the home of his ex-wife, so that she could ride to school. He stated that he walked along E. Windsor St., in a westerly direction, and when he passed the alley entrance, he looked north, along the alley, which is the alley that separates N. Newhall and N. Cambridge Streets. He stated that when he looked down the alley, he saw a woman lying over what appeared to be the body of a man in the alley. He immediately ran up to this screaming woman and recognized the woman as being Mary MANIACI, the wife of the deceased. He stated that she was screaming, "Wake up! Wake up!" Reported for: Himself Address

Address where offense occurred: alley rear 2125 N. Newhall Date of Offense 9/11/75

Explain in detail what work was done on the case:

On Thursday, Sept. 11, 1975, at 7:20AM, Squad 101, Dets. Steinke and Koehler, Squad 101A, Dets. Weiskirch and Bates, and Squad 163, Det. Lieutenant Dr. Muscitti, were dispatched to investigate a homicide, which occurred in the alley, rear of 2125 N. Newhall.

At the scene, we observed that the deceased was lying face down, in the alley, alongside of his automobile, which was parked facing in a northerly direction, in that alley, rear of 2125 N. Newhall. At the scene, Dets. Weiskirch and Bates took over the investigation of the point where the body was found, and Dets. Steinke and Koehler interviewed the following persons.

Interviewed I , F , /A, 15 years, , of 1916 N. Bartlett, , a student at Riverside High School. I P stated that on this date, Sept. 11, 1975, at 7:20AM, he was walking in a northerly direction, in the alley of the 2000 block of N. Newhall. He stated that when he was approximately 300 feet from the scene of the crime, he observed an unknown man get out of an automobile (the deceased). This unknown man walked around his car and looked at a flat tire, on the rear, passenger's side of the automobile. He stated that the unknown man then returned to the driver's side of the car, and it appeared as though he was going to re-enter the car, when suddenly, P observed a white male emerge from a gangway between two homes on the west side of the alley. He stated that he did not exactly see what the man who exited the gangway did to the man at the car; I stated, "I didn't hear a single shot. I saw nothing in his hand." The witness then stated that he immediately ran from the point where he was, which at this time, was about 100' from the scene, up to the man who was, at this time, lying in the alley. P further stated that he then looked to his left, which would be in a westerl

direction, and saw a white male, described as 17 to 20 years, 6'2", 200 lbs., having brown or black hair, extending to just below his ear level, wearing blue jeans and tennis shoes, and possibly, a sweatshirt, or T-shirt, run between the homes, in a westerly direction. The witness went on to state that, despite the fact that he did not hear a single shot, nor observe a gun, he did observe this fleeing subject put something into his pants, meaning, sticking something between his shirt and his belt, on the front of his body. The witness further related that at no time, did he see this man's face; he only observed the rear of the subject who fled the scene. The witness, Neal F , feels that he could not identify this subject by looking at him from the front, but, in the event that the subject would be wearing the same clothes he had on at the time of the shooting, N F would be able to identify the suspect from the rear.

At the scene, we escorted Mr. F back to the point where he first observed what was taking place in the alley, and went through, step-by-step, the chain of events as he described above. The whole time that was spent, from the first instant the witness saw the man in the car, to the time that the suspect fled the scene, took 35 seconds.

Explain in detail what work was done on the case:

On Friday, Sept. 12, 1975, at 5:30A, we were assigned to investigate a Guy HERMAN, W/M, we learned that Guy Herman had previously been living at 6812 W. Grant St., and that he has a history of involvement in the manufacture of silencers for .22 caliber weapons. HERMAN was also, supposedly, involved with the underworld.

We proceeded to 6812 W. Grant St., at which time, we observed 2 automobiles parked at the rear of this address. There was a 1973 Ford, dark brown vinyl over a green bottom, bearing Wis. license listed to one Gary ANDERSON, of 6819 W. Grant St., and a 1972 Mercury Comet, blue in color, bearing Wis. license listed to Victor GRITTNER.

We next proceeded to 2742 N. Frederick, at which time, we observed no automobiles parked in the area.

We attempted a teletype Madison (Motor Vehicle Department) to determine what automobile(s) are listed to Guy HERMAN. We were unsuccessful as the computer had broken down, and therefore, we could receive no answer. At neither address, did we observe a black Ford, such as the automobile observed fleeing the scene of this homicide.

On Friday, Sept. 12, 1975, at about 7:05AM, we interviewed one Geraldine D. CARTER, W/F, , of 1518 E. Windsor Ave.), regarding the above listed homicide. Mrs. CARTER stated the following.

On Sept. 11, 1975, she and her husband, Karlton, W/M, , left their house at 7:05AM, walked south across Windsor through the alley, to a garage rear of 2050 N. Cambridge, where their auto was parked. There was an auto blocking their portion of the garage; she described the auto as a freshly-painted black or very dark blue 1964 Ford, with no trim. She emphasized that the freshness of the paint job was very noticeable. She believes that this vehicle bore Wisconsin license plates. Seated behind the wheel was a white male about 57 years old, 5'6" or 5'7", of medium build, with short, grey hair, wearing a grey felt hat, brown jacket and dark, horn-rimmed glasses with clear lenses. They asked this individual to move his car, as he was blocking their exit from the driveway. The man smiled very pleasantly and pulled the car north through the alley and stopped just before the sidewalk on Windsor, next to a large lilac bush. The CARTERS then entered their car and drove away, south through the alley.

They did not notice where this dark-colored Ford went from there.

When asked if they could identify, the CARTERS stated that they would try, and that they would both appear at our Detective Bureau to view photos after work on Friday, Sept. 12, 1975. Geraldine is employed at the Milwaukee Boys' Club, 1400 block of N. Franklin; Karlton CARTER is employed at the Milwaukee Plumbing & Heating Co., located on 14th and St. Paul. Address where offense occurred: alley rear 2121 N. Newhall Date of Offense 9/11/75

Explain in detail what work was done on the case: On Thurs., 9-11-75, at 7:45a.m., Squad 101, A, Detectives Ronald Weiskirch and Richard Bates, along with Squad 101, Detective Warren Steinke and Raymond Koehler, under the supervision of Detective Lieutenant Carl Auschitti, were dispatched to investigate a homicide in the alley at the rear of 2125 N. Newhall. Upon our arrival, we observed the victim, August MANIACI lying in an alley, alongside of his auto, which was facing in a northerly direction. His body at this time was covered by a rubber mat, which was placed there by Squad 13,A, Patrolmen Wigman and Thode because of relatives were viewing the scene. The left front door of the auto was open and the victim was lying parallel to his auto, with his head facing north. An examination of his body revealed that he was fully clothed and he was apparently dead with several gunshot wounds to his head. There were pieces of flesh and blood on the ground. He was lying on the right side of his head. Medical examiner Robert SCHULTZ was also at the scene at this time.

The auto, a 1967 blue Oldsmobile, Wis. G95147, Serial #384397M138325, which was owned by the victim had a flat tire on the right rear. The victim apparently backed his auto in a southwesterly direction out of a parking space located in the rear of his yard and started to proceed north. He traveled only about one car length and apparently was going to check the flat tire. Upon emerging from his auto, the driver's side, he was probably shot by the suspect at this time.

There were 7 .22 caliber super X long spent casings lying in the alley to the rear of his bod at various

locations, in a southwesterly direction from his body. These casings were photographed and the exact locations of same wer measured and documented by a City Engineer draftsman, Howard RUPPEL. As Detective Weiskirch recovered each casing and marked same with numbers 1 thru 7, Mr. Ruppel marked corresponding numbers on his diagram. These casings were placed on Inv. #482744. The body of the victim was conveyed to Mt. Sinai by Squad 13,A, Patrolmen Wigman and Thode, at 8:20a.m., and pronounced dead at 8:30a.m., by Dr.

Also investigation at the scene revealed that one of the bullets apparently fired at the victim struck struck garage at the rear of 2525 ". Newhall. This garage is located in a northeasterly direction from where the body was found and the bullet entered the south wall of the garage. The bullet entered the garage approximately 23' 8" from the body in a northeasterly direction. The bullet entered the gagage approximately 3'7" in height from the walk alongside of the garage and approximately 4'5½" from the southwest corner of the garage. The bullet exited inside of the garage approximately 5'3" from the floor level and 4'6" from the southwest corner of the garage. The slug came to rest in the garage floor, east of the exit hole on an angle approximately 9'6" from the exit hole. The slug was also located 6'11" from the east wall of the garage and 1'7" from the south wall of the garage. There were 8 photos taken of the entrance and exit holes, slug the garage, and the front address of where the slug was located. The slug was placed on Inv. #482745.

Other officers at the scene conducted various other investigations and will file the necessary reports regarding their investigations.

Explain in detail what work was done on the case:

On Wed., 9-11-75, during the course of this homicide investigation I was informed by Patrolman Jashinsky, that he had a witness who had some information regarding this offense.

At approximately 9:00 a.m., I interviewed Pamela [illegible], w/F, bn. , who resides at 1525 W. Windsor Ave., phone . Her home is located adjacent to the alley approximately ½ block south of where this offense occurred. She related the following:

"My husband, Robert was drying his hair in the bathroom and I was in bed. This would have been about 7:00 and 7:20 a.m. My husband heard a car outside of the window and looked out and saw a car sitting in the alley. He said he thought it was a young male wearing a light pair of pants. He had driving gloves on and the car had a stick shift. The auto drove out of the alley, turned west on Windsor and must have gone south on Cambridge and then came back down the alley. Then he backed into this lot. (She pointed to the rear of 2056-54 N. Cambridge). Then drove out again. It was a black Ford. It had round tail lights and my husband thinks it is a 1965. The reason my husband looked out is that we have had a lot of trouble with bikes getting ripped off and damage to our cars, so he took the license down and said if anything happens around her today, here is the license number." She had given the license number to Officer Jashinsky. This number was 686268. This checked and a listing of this plate revealed that it was listed to a Triangle Wholesale Corp., 2119 61st St., Kenosha, Wisconsin.

She further stated that her husband, Robert Boll, W/M, bn. , had gone to work, where he is employed at the Delta Bindery located in the vicinity of 124th and Riebrantz, phone , and he is employed as a machinist for the firm.

At approximately 12:10p.m., Detective Ronald Weiskirch and Detective Lieutenant Carl Buscitti went to the Delta Bindery located at 3725M N. 124th St., where we interviewed Mr. Robert Boll, W/M, bn. He related the following:

"I saw the car, I would say between 7:00 and 7:15a.m., because my alarm goes off at 7:00a.m. I looked out the window and saw this black Ford, a 67 or 68. I saw one guy. He had tan pants and tan driving gloves on with open tops and bands around some. Because of numerous damages that have been occurring in our neighborhood, I took the license number. The driver then took off and drove right to Newhall, turned right on Newhall and came back into the alley. He then positioned himself by the grey garages. I went upstairs and noticed that he had dark hair, or black. The car didn't have a front license plate on. It had a floor shift, but, it wasn't a Hurst. It had a black knob for gripping. The license plate on the back I remember, I don't forget numbers, it was B66266. It was a standard 2 door hardtop Ford, black. He then drove up to the garage across the alley from my house and was reving up his engine as to make a getaway. His hair wasn't long, it was full. It looked like an Italian style haircut." He further stated that he then made no attention to the auto, as he had the license number and he gave the same to his wife. He stated that he then left the house at approximately 7:30a.m. and at this time, he observed the body in the alley and also that police were on the scene. He then went to work. He could add no more to this investigation, with the exception that he is positive it was a black Ford and had the license number as listed above. He further stated that if he could be of any more help, we could contact him at his home or at the residence above his, which is the ALLISON residence, phone . He stated he would be home from work on this date between the hours of 5:30p.m. and 6:00 p.m.

Explain in detail what work was done on the case:

On Thursday, Sept. 11, 1975, at 8:20AM, I, Det. Charles Gumm, was assigned to assist in the investigation of the murder of August Joseph MANIACI, of 2121 N. Newhall. The results of my investigation are as follows:

I interviewed Neal A. PACKARD, W/M, age 15 years, of 1916 N. Bartlett, , who is a student at Riverside High School. His mother's name is Carol, and his father's name is Michael. This subject was an eyewitness to the shooting of August MANIACI. He stated the following.

On Thurs., 9-11-75, subject got up at 5:00a.m., on 9-11-75, to peddle his Sentinel paper route, which is bounded by Brady and Prospect to Prospect and Windsor. He returned home at 6:45a.m., and relaxed until about 7:10a.m. At this time, he left the home, walked down Bartlet St., north to Irving. At this point, he crossed the street and went down the alley going north between Cambridge and Bartlet. Being about half way down this street in the 2000 block, he noticed August Maniaci's auto being driven out of the parking space. He noticed that Maniaci got out of his auto and walked around to the rear right side and looked at the flat tire. Maniaci then walked back to the driver's side of the auto. All during this time, Neal was walking down the alley towards the scene, when Neal got about 100' from Maniaci and his car, he noticed a white male, about 200 Lbs., about 6'2", wearing blue jeans and tennis shoes and a t-shirt or sweatshirt come up to Maniaci, raise his arms and the next thing he knew saw Maniaci laying on the ground. This subject then ran west through the yards at 2118 N. Cambridge St. Neal walked up to Maniaci and leaned down and saw that he had been shot in the head. At the same time, Mrs. Maniaci came out of the house and Neal yelled to her to call the police, but, Mrs. Maniaci continued

to come to the body, put her head on his body. At this time, Neal stated, 'Stay with him, I'll go call the police." Neal then ran down to the store on North Ave., known as the Pantry and told the owner, Roger to call the police. He then returned to the scene of the crime and noticed that a crowd was gathering. He stated, "Why would they shoot him." An unknown person said, "Must have been something that happened a week ago." Subject Neal was taken over the route that he had when he left the house and a diagram will be made regarding his path to the scene.

We then interviewed John Timothy PACKARD, W/M, 12, bn. He lives at 1916 N. Bartlet and is the brother of Neal Packard. He stated that he got up at 5:00a.m., to peddle his paper route. His route runs from Cambridge, Kane, Bartlet, Irvin and Newhall. He has 93 customers. He peddles a paper at the Maniaci Home, 2021 N. Newhall. He stated that he finished his route about 6:15a.m., went home to watch tv for about one hour. He left the house about 7:15a.m., about 3 or 4 minutes after his brother Neal left the home. He then jogged down Bartlet north to Irving and then started to walk, when he saw his brother, who was about 300' ahead of him. He continued to walk and he observed his brother walking up and stopping at the Maniaci car. He got near the end of the alley at Windsor and he noticed a bluish-green auto, with an unknown white person in the car, which was parked in a parking space behind 2058-60 N. Cambridge. He stated it was a Chevy Belaire. He knows this type of car because his father has the same Belaire, and a newer model. He continued to walk and when he got to the sidewalk of Windsor, he heard an auto start up. As he was walking across Windsor this auto drove out of the alley, went east on Windsor to Bartlet at a high rate of speed and went north on Bartlet. Subject continued to go to the scene of the crime, and he noticed a woman, who he believed to be Mrs. Maniaci leaning over the body of the deceased. He stayed in the area until his brother came back from calling the police. We went over his route that he took and a diagram will be made of the route that they took and of the amount of feet between each brother.

Reported for: Himself Address

Address where offense occurred: alley rear 2121 N. Newhall Date of Offense 9/11/75

Explain in detail what work was done on the case: Regarding above offense, on Thursday, 9-11-75, accompanied by Det. Lt. Edward Bauer we went to Kenosha, Wisconsin, on a follow-up investigation regarding above listed offense. Upon arriving at Kenosha, Wisc. Police Department, we had a conference with Det. Lt. Rudolph BOTZ, who gave us some basic information with which to proceed on, he assisted us by assigning two of his Detectives namely a John KISTNIAKI and Albert KRUSE, to assist us. We first proceeded to investigate a license plate which had been obtained by a witness to the above listed murder, B86-268. In our investigation we interviewed the owner of this plate, a Gene A. SPECA, 6206 Persian Blvd., Kenosha, Wisconsin. Mr. Speca was interviewed and stated he had sold his car about a month ago to a Charles JACKSON, who operates Jay's Tavern in Kenosha, Wisconsin. We eventually located Mr. Charles Jackson who confirmed that he had purchased a 1971 green Lincoln Continental from Mr. Speca and at time of purchase, Mr. Speca left on the license plates as aforementioned. Mr. Jackson said last Wednesday his car was towed due to electrical trouble to Cliff's Garage, 7850 Sheridan Rd. in Kenosha. At the time it was towed he believed that both plates were still on the vehicle. He could add no further useful information. He stated that he does have two sons, one named Jack, 18, Jay 17, and neither one owns a vehicle that matches the murder car, both boys are in school on time this a.m.

We then proceeded to Cliff's Garage at 7850 Sheridan Rd. in Kenosha, WI and we did locatedthe 71 Lincoln Continental which we found to have only one plate still on it, the rear plate, the front plate was missing. We confiscated this Wisconsin license plate, B86-268 as evidence and it will be placed on inventory. We also checked the car, the front end, the bumper area

OVER

where the plate had been stolen from for latent prints, obtained several smears which are not good for identification purposes. As aforementioned this car has been standing for 3 days exposed to the elements.

We then interviewed neighbors, close to where the 71 Continental had been parked on the garage lot. #1 was a Jon SKOWRONSKI, W/M, 39, of 7839 14th Ave., Kenosha, and he could not add any useful information. He stated he has noticed the car parked there for about a week, but did not see anybody tampering with the front end.

We then interviewed an Eleanor SCHAPPERT, W/F, bn of 7847 14th Ave., Kenosha, and she stated she has also noticed a green 71 Continental on the garage lot for approximately 5-6 days, and added that yesterday, Wednesday, 9-10-75, at about 7:00 p.m. she did observe a black auto, make and model unknown, park next to the home at 7840 Sheridan St. in Racine, which is in close proximity to where the 71 Lincoln was parked. She said this auto had one or two young white male occupants, one occupant did alight and go thru the above address and speak to a babysitter there before leaving.

We then checked several addresses and eventually did locate a Mrs. Barbara MONTAYO, W/F, bn who does reside at 7840 Sheridan St. in Kenosha. She stated that yesterday during the evening she was employed at a nearby tavern as a barmaid and employed a babysitter to watch her children while so employed. She stated this babysitter was ayoung girl named Linda LUGO, who resides at 1706 74th St. We attempted to locate Ms. Lugo in an attempt to determine who the young white male in the black auto was, who was at the residence as aforementioned. We eventually located Linda Lugo in a local hospital where she was being treated for an injured leg and she stated the person that did come to visit her was a Raymond BIGGS, W/M, bn of 5004 22nd Ave., Racine. She stated Mr. Biggs drives a dark automobile possibly a Plymouth. She could add no further useful information except that he is about 6' tall, 180, thin build, and has his right arm in a cast.

We then proceeded to the residence of Raymond Biggs, he was not at home, we were unable to locate him during our tour of duty. Early Shift Detectives have been assigned to follow up in an attempt to locate Mr. Biggs to question him as to his whereabouts during time of offense, etc. Further investigation pending.

Explain in detail what work was done on the case:

On Friday, Sept. 12, 1975, we checked a few auto body shops, in reference to the above listed offense, looking for a black, 1964 or 1965 Ford, which was possibly used in the commission of this offense.

We checked the area of Buse Corp., 1011 N. Farwell Ave., and spoke to the owner, George [illegible], W/M, [illegible] of 315 E. [illegible] St., [illegible] - (use, vic.). He stated that he had no knowledge of any such custom bike, nor did he know of anyone in the vicinity who has such an automobile. He further stated that he has been in business at this location since May, 1975, and in that time period, his area has not handled a 1964 or 1965 Ford. He also remarked that painting such a car black, would be about one of the hardest and most expensive jobs that could be done.

We also checked the public at Scott's, 1211 N. Prospect Ave. There, we spoke to one of the owners, a Joseph BASILE, W/M, [illegible], of [illegible], River Hills, [illegible]. Mr. BASILE stated that he did not handle that type of an automobile, nor did he have any there, at that time. He also stated that his business partner, Anthony PIPITO, was not there at the time of our visit. We questioned him in regards to how Anthony PIPITO spent the time, on Sept. 11, 1975, and he stated that Anthony PIPITO lived upstairs, over the body shop, and that he opened the shop at 7:30AM, Sept. 11, 1975. Tony (PIPITO) left for Chicago, Illinois, at 10:00AM, that day, to buy parts for their business. He went on to state that Tony PIPITO was not around at the time, and would be coming back to the body shop after 4:00PM, Friday, Sept. 12, 1975. Mr. BASILE explained that most of the custom body shops which would do the type of work of customizing a 1964 or 1965 Ford, are located on the south side of the city. He mentioned Turk's Body Shop, located at 62d and W. National Ave., and also Butch's Paint

Reported by: MANIACI, August Address 2121 N. Newhall

Reported for: HIMSELF Address

Address where offense occurred: (Alley Rear) - 2121 N. Newhall Date of Offense Thurs., 9-11-75

Explain in detail what work was done on the case:

On Friday, September 12, 1975, Detectives Kuhlmann and Reichert, Detective Lieutenants Ruscitti and Partipilo had met with Carlton CARTER, W/M, 40 yrs., dob: of 1518 E. Windsor Pl., and his wife, Geraldine CARTER, W/F, 38 yrs., dob: , at the B of I (See supplementary report on interviews with investigating detectives). At this time Mr. & Mrs. CARTER viewed photos at the B of I in separate rooms, in an attempt to identify the subject seated in the auto, to the rear of their garage. While viewing photos, Mr. CARTER viewed the Kenosha PD Photo #1679A, that of a Wm. COVELLI, W/M, dob: and at this time Mr. CARTER informed us that the photo of COVELLI was very similiar to that of the suspect seated in the parked auto on the date of the offense. He stated he could not be positive from viewing the photo and he would prefer to see the subject in person.

We, with Lieutenant Ruscitti, proceeded to the Kenosha PD, where we conferred with a Lieutenant Gordon Elsen of the Kenosha PD. At this time we informed Lieutenant Elsen of our investigation and the reason we were in Kenosha, Wis. That being, we were going to the COVELLI residence to arrest Mr. COVELLI. While there, we requested a copy of COVELLI'S record as well as any information that the Kenosha PD had in regards any stolen Ford autos in the area of a 1962 or 1963, or possibly a 1964. Lieutenant Elsen turned over a copy of COVELLI'S report (attached). A check with their Dept. had shown that no autos were stolen in the last few days, matching the description of the auto used in this offense. Lieutenant Elsen then had a uniform squad respond and they met us at the Kenosha PD Headquarters and accompanied us to 1643 15th Ave., current address of the suspect, Wm. COVELLI. These Officers were assigned to Unit 168 and 191 and they are Ptm. Steve Workman and Thomas Frederickson.

(OVER)

Explain in detail what work was done on the case:

These aforementioned Officers accompanied us to the living quarters of Mr. COVELLI. At that residence, we learned that COVELLI occupied Apt. #5. We attempted to contact him at his apartment, where we talked with his wife, Eleanor, but were unsuccessful. At this time we learned that COVELLI was out for the evening and she was unsure when he would return home. At about 10:10PM, this date, we finished our interview with Mrs. COVELLI and left the apartment complex. While discussing this matter with the Kenosha Officers in front of that address, Wm. COVELLI drove up to the front of his apartment. We approached him as he left his auto and he was placed under arrest at 10:20PM, this date, and at that time he was advised of his constitutional rights by Lieutenant Carl Rusciti at 10:20PM. This was witnessed by myself, Detective Reichert, Detective Puhlmann and the two Kenosha Police Officers. We then donveyed Mr. Wm. COVELLI to the Milw. Police Dept., Det. Bur., where he is currently being processed, after being arrested for murder (party to a crime) in this offense.

Mr. COVELLI was taken to the Det. Bur. Conference Room, where he again was advised of his constitutional rights, and in fact, handed a copy of them. He stated he was aware of them and he fully understood same. At this time he told us that he would give basic information, but preferred to speak to an attorney. After his attorney was present, he stated he would answer any and all questions put before him.

A check with our Dept. shows that two traffic arrests; no other arrests. (See attached copy).

lain in detail what work was done on the case:

On Sat., 9/13/75, we interviewed a Donald WALLATS, W/M, , of 2211 N. Newhall, the son of the Teeter (phonetic) WALLATS of that same address. We questioned him as to the possibility of him observing any autos of a suspicious nature in the area on the date of the offense or prior to the offense. Donald told us that he was a student at MATC and he generally walk south on Newhall to a friend's house when he went to school. He told us that he generally started to school after 10:00AM. He did not notice any autos in or about the neighborhood that did not appear to belong there prior to the offense. He stated that he had been at home prior to the offense and was unaware of what happened until he was informed by his father. He told us that he would contact his friends in the neighborhood and attempt to gain any useful information regarding the auto used in this offense. He told us that he would forward this information to the Detective Bureau immediately. Donald was unable to offer any further information regarding this offense at this time.

Address 2121 N. Newhall

Reported for: HIMSELF

Address

Address where offense occurred: [illegible] (alley, rear of) 2125 N. Newhall

Date of Offense 9-11-75

Explain in detail what work was done on the case:

On Thursday, Sept. 18, 1975, at approximately 10:45, we went to the American Produce Co., located at 327 W. Florida, and there, talked to the president of the company, a Mr. Marvin H[illegible]. This was in regard to the activities of one of his employees, Richard [illegible] CZARNECKI, W/M, of 2121 N. Cambridge, on the day August HAMIACI was slain, Thursday, Sept. 11, 1975, at approximately 7:30AM.

Mr. HOLPRIN showed us the subject's time card for that day, and on Thursday, Sept. 11, 1975, Mr. CZARNECKI punched in at 6:12AM. Mr. HOLPRIN also showed us the time cards of this individual for the rest of that week, and they indicated that CZARNECKI is very prompt in punching in, and the time for the week, varies about 10 minutes between Monday and Friday, when punching in. For example, he punched in at say, 6:12AM, Monday, and no later than 6:20AM, Friday.

Regarding Mr. CZARNECKI's delivery route that date, Mr. HOLPRIN showed us the bills of order. CZARNECKI had delivered at his various stops, and these are as follows:

The first stop CZARNECKI made on Sept. 11, 1975, was at Stouffer's Top of the Marine, at water and Michigan Streets.

The second stop he made, was at the downtown Gimbel's store.

The third stop was at George Watts, on Jefferson and Mason Streets.

The fourth stop came at the Lotus Restaurant in the [illegible] block of N. 3d St.

CZARNECKI then came back to the warehouse, and he was sent to the Tyrolean Town House on Hwy 100 and W. Greenfield Ave., the Hoffman House, at Mayfair, the Westmoor Country Club and the La Joy Restaurant on Lisbon Ave.

(over)

Explain in detail what work was done on the case:

Mr. HOLPRIN explained that he has 8 to 9 drivers, and any of these drivers can be given any delivery route on any day they report for work, so there is no one driver assigned to any particular route. Mr. HOLPRIN also stated that the people who receive the merchandise from the drivers do not necessarily know who the driver is, and he does not always get a receipt.

Regarding Richard CZARNECKI, Mr. HOLPRIN stated that he drives a company truck, a Ford 250, red and white with some blue on it. CZARNECKI takes this truck home at night; the name of the company is printed in large letters, on each side of the truck.

Mr. HOLPRIN went on to state that, in all probability, CZARNECKI was still at the warehouse at 7:30AM, Sept. 11, 1975, and the reason he states this, is because every morning, at 7:20AM, a Canteen Vending truck comes, and all of the drivers go out and get coffee and sandwiches or doughnuts; they very seldom leave before 7:45AM, to make their route deliveries.

Mr. HOLPRIN stated that CZARNECKI is very punctual, is a hard worker, and as far as he knows, CZARNECKI is not involved in any type of gambling or betting that HOLPRIN says does occur, on a limited basis, at the American Produce warehouse.

In an earlier supplementary report, which Det. Burgardt of the Early Shift had filed regarding CZARNECKI, he relates basically the same story that Mr. HOLPRIN told us regarding the activities of CZARNECKI on the date in question. Mr. HOLPRIN states that he doubts very much if the people who receive the produce from the American Produce Co., would remember CZARNECKI as the man who delivered the produce to their kitchens.

It might be possible for a Late Shift Detective team to stop by the American Produce Co., 327 E. Florida, about 7:15AM, and try to talk to the driver who operates the Canteen truck which stops at the American Produce Co., around 7:20AM, every morning. He may, or may not, be able to recall whether or not CZARNECKI was at the truck on Sept. 11, 1975, about 7:30AM.
